

REBEL

Spent Media Analysis Kits

Cool and CONFIDENT

The REBEL Spent Media Analysis (SMA) kit is designed to give you all the consumable components needed to run your samples quickly and move your projects forward faster.

HASSLE-FREE PURCHASING AND SHIPPING OPTIONS

Choose the purchasing style that suits your lab:

- **One-time:** Order one or more kits at full price for shipment.
- **Subscription:** Order 6 or 12 kits at a time, shipped to you on a schedule you choose.

- Buy the 6-kit subscription, 5% discount
- Buy the 12-kit subscription, 10% discount

- **Thoughtful shipping:** No matter how you buy, every kit ships overnight with proper packing to keep critical components chilled between 2-8° C at all times. Buy with a subscription to keep a steady stream of shipments flowing to your lab, without filling up valuable refrigerator space.

ABOUT THE KIT

- **Comprehensive package:** Each kit includes BGE, diluent, a REBEL chip, standards, and microwell plates.
- **Packed for 200 runs:** Make your buying decision based on kit consumption and your upcoming projects.
